Saddle Slickers shine at district show

By Rob Desjardins
Staff Writer

A hot summer sun shone down on some great equestrian talent Wednesday, as the St. Paul 4-H Light Horse Club hosted the annual District Horse Show.

Club Leader Joanne Fontaine called the event, which ran all day at the Ewart farm, east of town, "a great success."

"I found the kids quite relaxed. I think they were really enjoying themselves on their horses."

At the conclusion of the competition, it was clear that the Elk Point Saddle Slickers Light Horse Club, also present for the competition, had taken the lion's share of awards. The final results, listed by event and class, were as follows:

Judging. Seniors: Kim Kurek (first), Audrey Ewart (second), Ginette Fontaine (third). Juniors: Joanne Richer (first), Amanda Ferris (second), Kim Chykalsky (third). Pee Wees: Pamela Veer (first), Allen Baker (second).

Grooming. Seniors: Ginette Fontaine (first), Audrey Ewart (second), Tanya Kenyon (third). Juniors: Matthew Veer (first), Shanna Baker (second), Amanda Ferris (third). Pee Wees: Pamela Veer (first), Allen Baker (second).

Showmanship. Seniors: Tanya Kenyon (first), Kim Kurek (second), Ginette Fontaine (third). Juniors: Shanna Baker (first), Matthew Veer (second), Cody Kurek (third). Pee Wees: Pamela Veer (first), Allen Baker (second).

Western Equitation. Seniors: Tanya Kenyon (first), Audrey Ewart (second), Suzanne Jubinville (third). Juniors: Matthew

Veer (first), Shanna Baker (second), Cody Kurek (third). Pee Wees: Pamela Veer (first), Allen Baker (second).

Western Pleasure. Seniors: Tanya Kenyon (first), Suzanne Jubinville (second), Audrey Ewart (third). Juniors: Matthew Veer (first), Cody Kurek (second), Joanne Richer (third). Pee Wees: Pamela Veer (first), Allen Baker (second).

Western Reining. Tanya Kenyon (first), Suzanne Jubinville (second), Audrey Ewart (third).

Riding Pattern. Juniors: Matthew Veer (first), Shanna Baker (second), Cody Kurek (third). Pee Wees: Pamela Veer (first), Allen Baker (second).

Trail Class. Seniors: Tanya Kenyon (first), Kim Kurek (second), Audrey Ewart (third). Junior: Kim Chykalsky (first), Joanne Richer (second), Matthew Veer (third).

Final results. Grand Champion: Tanya Kenyon. Reserve Champion: Matthew Veer. High Points, Seniors: Tanya Kenyon. High Points, Juniors: Matthew Veer. High Points, Pee Wees: Pamela Veer.

Offering sincere congratulations to all the winners and participants, Fontaine also thanked the volunteers whose organizational talents were crucial to the success of the event, including judge Neil Johnson, ringmaster Louis Jubinville, announcer Lorraine Cox, and Mrs. Lydia Pratch, a grandmother and great-grandmother who has continued to benefit the club through her volunteer efforts.

She also thanked the Elk Point Saddle Slickers and Bit 'n Spurs Western Wear, the kind donors of the Reserve and Grand Champion trophies.

Horse Lovers Unite!

This enthusiastic group provided a high calibre of competition at the St. Paul and District Horse Show at the Ewart farm last Wednesday. The Elk Point Saddle Slickers Light Horse Club took the lion's share of awards offered at the show.

Many contributed to Canada Day

Following their recent post-Canada Day evaluation meeting, the Elk Point Canada Day Committee reports that nineteen governments, groups, businesses and individuals donated almost \$5800 towards the event, while countless more donated their time and talents to help make the day entertaining and enjoyable for the large crowds which attended each and every part of the program.

The Government of Canada kicked off the fundraising with a \$900 Canada Day Grant, to which the Town of Elk Point added \$500 and the County of St. Paul \$200. Corporate sponsorship came from Norcen Energy Resources (\$500), E-Can Oilfield Services (\$250), Amoco Canada (\$200), Pan Canadian Petroleum (\$150), Canadian Salt Company Ltd. (\$100) and Laidlaw Waste Systems Ltd. (\$100). Elk Point Oilmen's Association donated \$340, Elk Point and District Lions Club and the BPO Elks Lodge \$250 each, Elk Point OORP Lodge and Elk Point Historical Society \$200 each, Branch Royal Canadian

Legion, Elk Point Lioness Club and Elk Point Chamber of Commerce \$150 each, and Elk Point Pioneer Circle \$100. Doug and Donna Basset also donated \$100, to bring the total to \$4790.

In addition, donations of goods and services included the pipe, cement, hole boring and installation of the Canada Day Flag Pole, kindly contributed by Tarsands Steam Cleaning, Pan Canadian and Car Ouelles.

Many of the entertainers also donated their time, or accepted only a small honorarium for their expenses, in coming to Elk Point. The committee, as well as all those who enjoyed the stage presentation, extends thanks to the Elk Point Ukrainian Dance Club, the Elk Point and District Choral Society, the Ruthless Writers, the Elk Point Whistlers, Robbie and Karac Hendriks, the Bonnyville Skipperos, Debbie Lawrence, Gwen Morris and Mathilda Fegher, and also to the only hired entertainers of the afternoon, Edmonton's Blue Norther Dancers, for an exciting afternoon.

Thanks also go out to the many

groups who took part in the day, whether they sponsored an event, ran a booth, walked in the color party, or put a float in the parade, as well as to the countless individuals who served in many volunteer capacities. Each had a hand in making it a day to remember.

Groups who sponsored events included the Lions Club and the Volunteer Fire Department, Minor Hockey Association, Elks Lodge, Chamber of Commerce, Royal Canadian Legion, Elk Point Horseshoe Club, Lioness Club, Oilettes, Elk Point Oilmen's Association and Minor Hockey.

Thanks also to the special guests who took part in the opening ceremonies: MLA John Drobot, Mayor Bruce Kleeberger, County Councillors Bill Ference and Bob Smith, School Board Trustee Janice Van Maarion, Heather Demchuk of the LEARN Program, Pastor Jim McLellan, Chamber of Commerce President Millie Orr, RCMP Sergeant Barry Kutryk and Master of Ceremonies Pat Vincent.

Showers too scattered - crop prospects poor

Scattered showers in recent weeks which provided anywhere from a light sprinkle to a two-centimeter downpour have been far from sufficient for crops in the Elk Point area. This week's crop reports show that growth prospects for stubble seeded crops are very poor, while those on summerfallow have a poor chance for growth under the current lack of soil moisture.

In comparison to the crops that could be harvested under ideal conditions, red spring wheat and canola are presently estimated at

60 percent, oats at 50 percent and barley at 40 percent. Estimated yields per acre range from 653 kilograms for barley to 617 kilograms for oats, 544 kilograms for red spring wheat and 300 kilograms for canola.

Wheat in the area is headed out and filling, while barley is close to one third headed and 10 percent of canola is in bloom.

As of last Friday, July 13, crops were not considered to be deteriorating, but general rainfall is badly needed.

Scrub-A-Dub-Dub--Students At Work

The Elk Point Hire-A-Student Car Wash, held at TAGS Food and Gas last Wednesday, drew a good crop of cars to be soaped, sponged, and sprayed into gleaming like-new cleanliness by the busy Hire-A-Student gang, led by Placement Officer Lawrence Richer.

The Grand Champ

Tanya Kenyon of the Elk Point Saddle Slickers Light Horse Club was the overall Grand Champion at the St. Paul and District 4-H Horse Show Wednesday. Hot summer temperatures, as well as excellent equestrian talent, made the event exciting and pleasurable for its spectators.

Raiders second at Derwent tourney

By Len Gagne
Staff Writer

St. Paul's Pink Pounders walked away with all the marbles from this weekend's Derwent Sports Days.

The slopitch squad climbed out on top of a pile of 24 teams to walk away with \$350 in prize money but it wasn't easy.

The Pounders met up with the Elk Point Raiders in the A-final of the two day tourney.

Although the Pounders seemed to be in control in the early innings by jumping to 9-3 lead after four innings, the Raiders slowly nibbled away at the lead and tied the game at 11-11 after six innings.

But Pounders' Rick Austin and Don Chornohus combined for a single and two run home to give the Pounders the 14-11 lead and the tournament title.

FOR SALE: 1978, 5542 White Combine. New pick-up. Very good condition. Phone 724-2144.

Lioness Environment Tip

Beneficial insects - parasites

Parasites are the second category of beneficial insects. Together with the predator category, they play a critical role in regulating the number of pest species in the garden.

Tiny braconid wasps, for example, will help rid your garden of the tomato hornworm caterpillar that munches its way through your tomato plants.

Wasps of the Peleuinidae family help destroy white grub, the June beetle larvae that infests lawns and gardens. These wasps are large and striking insects. The female is 2 inches long and shining black, with a long slender abdomen. She attacks the grub and lays her eggs inside them. The grubs are slowly destroyed as the wasp larvae complete their development.

Stem boring caterpillars are at-

tacked by a variety of tachinid flies. They lay their eggs directly on the garden plants. The eggs are ingested by the hungry caterpillars eating the foliage. This triggers hatching of the tachinid larvae, which then feed on the internal tissues of the caterpillar.

So instead of reaching for the spray can of insecticide for this summer's garden pests, try resisting the urge to squash beetles, wasps, dragonflies and such and let them do their helpful environmental jobs.

DR. B.G. KLEEBERGER

Wishes to announce

"HOLIDAY CLOSURE"

From July 28 to August 12 Inclusive
For Appointments Call 724-4086

OPEN HOUSE
Amoco Canada
Heavy Oil Project
Elk Point

Amoco Canada is in the process of preparing an ERCB Application for Phase 2 of our Elk Point Heavy Oil Project and wishes to review and discuss it with area residents.

All interested people are cordially invited to attend an open house from 5:00-9:00 p.m. on Wednesday, July 25, 1990. It will be an opportunity for attendees to learn about Amoco's development to date as well as plans for the future and to provide feedback in advance of the application being finalized.

5:00 to 7:00 p.m. - Displays & Amoco Personnel available to answer questions.

7:00 to 8:00 p.m. - Presentation followed by discussion.

8:00 to 9:00 p.m. - Displays & Amoco Personnel available to answer questions.

Location: The Elk's Hall

Community Services News

Sailing clinic deadline Friday

If you missed learning the popular summer sport of sailing during the Community Services-sponsored Introductory Sailing Clinic, July 7 and 8, you have not lost your chance to do so.

The first clinic was so popular that a repeat session has been planned for Saturday and Sunday, July 28 and 29 at Muriel Lake. Registration deadline is this Friday, July 20, so get your name in now by calling Stephen Montgomery at 724-3800.

The clinic is for anyone who is interested in sailing, and especially for those who have never sailed and who want to know what sailing is like. You don't even have to know port from starboard to enroll for this exciting weekend of water sport, leading up to certification in the White Sail program.

Call the Community Services Centre for further details—but remember, Friday is the deadline. Get your name in now!

ELK POINT INTERIORS

**WILL CLOSE THEIR STORE
AUGUST 1, 1990**

*Thank you for your support
over the past 2½ years!!!*

Professional floor covering installation
will still be available by phoning 724-3870
evenings and weekends.

Set To Sail

Twelve participants at the July 7 and 8 Introductory Sailing Clinic took to the waters of Muriel Lake in these watercraft to learn the ropes of sailing. It could be your turn next week, if you call Community Services by Friday to register for the next series of lessons.

Alberta Council on Aging

ACA directors meet, region 2

By Irene Magnusson

A good turnout of some twenty members of the Alberta Council on Aging, Region 2, met July 11 in the Ashmont Seniors' Drop-In Centre, for the summer Directors' meeting and to hear reports.

President, Paul Poty, called to order at 10:00 a.m. and greetings were brought from the town by Mr. Hubert. The treasurer's report was heard, Sadie Buchan reading. A generous grant received from the Elk Point Branch of the Canadian Legion was noted, as well as other donations. These amounts are gratefully accepted, as they make it possible for the Regional Board to continue its work.

Membership in the provincial ACA are actively urged, but the Regions now ask for no membership dues, so have to rely on donations. These will be pursued.

Members requested a badge, pin, or some other insignia which would readily indicate their membership in Region 2, and so make it easier for them to present their case to potential members or donors. This will be looked into. "Pioneer" pins are available from the secretary or treasurer, but these are not ACA pins.

Minutes were read and accepted. A short report on the ACA Spring Conference attended by Paul Poty in Red Deer was heard. This took place in May. Some 60 resolutions were dealt with; these are listed in the ACA News for June. The "Fully Alive" program is going strong, he reported, and a \$118,000 grant had been received.

Members were urged to protest the sale of AGT by the Alberta Government on the grounds that it would raise the cost of individual phones.

Reports from Directors were heard, mostly describing the local Seniors' groups and their activities, but very little on the actual activities of Directors on behalf of ACA. Directors were urged to contact these groups, speak at their meetings and try to involve seniors in ACA. Directors are also urged to contact possible donors soon.

A date for the ACA Fall Conference in Elk Point was set. It will be September 10, a Monday, commencing at 10:00 a.m. in the Elk Point Pioneer Circle Seniors' Centre. All seniors are welcome and urged to attend, as a well-filled program of items of interest to mature citizens is planned.

Reports of activities re: Senior Citizen's Week in June were heard. Most had involved parties, barbecues and games, all successful. Elk Point's effort was a display of arts and crafts done by seniors, displayed by the artists themselves, with demonstrations. It is hoped the Week will continue to be well observed.

After lunch served in the hall by Ashmont seniors, the video on the so-called "Rainbow" Report was viewed. Sid Holthe, of Elk Point, representative of the Senior Citizens' Advisory Council, distributed notes on the film and asked members to study these, as they would help in

understanding the film, which is focused on problems faced by many seniors, particularly as refers to matters of health and the problems of medical care we can expect in our later years. Reference was made to a "smart card", which would be a computer read-out card, listing all medical attention received over the patient's lifetime, indicating less chance of duplication and confusion.

In a review of impressions, the view that we must accept more responsibility for our health by proper diet, exercise, etc., was shown.

The meeting closed at 2:30 with wishes to all for a pleasant summer.

In Our View

Lots to see and do

How's your summer going? What's that—you can't find the time, or maybe the money, to go away on a vacation? No problem—there's lots you can see and do right around home.

We're lucky—we live in a part of Alberta that people from other parts drive for hours and hours to come and visit, for its picturesque lakes, with their water sports, clean and convenient campgrounds, and excellent fishing. They also come to our area to take in the rodeos, horse shows, ball tournaments and other sporting events, or to attend fairs and summer festivals of various kinds.

In Elk Point, we are within a half hour drive of at least a dozen lakes, at least half of those served by campsites. We are less than an hour from 3 Provincial Parks, which offer everything from nature trails to group camping and picnicking sites. All of these are reasonable in price, and easily accessible for the budget vacationer.

And don't forget the golf courses—our own Elk Point Golf and Country Club, (where the Seniors, Ladies' and Junior tournaments are coming up this weekend), the brand new Strawberry course at Heinsburg, and the driving range—all offering a good time in the great outdoors for a small price tag.

Our own local rodeos are over for the season, but there are several more coming up in surrounding towns, such as Kehe-

win, Two Hills and Vermilion, as well as the Lakeland Rodeo Association Showdown Finals on the September long weekend in St. Paul.

For the equestrian, or for those who enjoy watching fine horsemanship, there are horse shows coming up in late August.

And don't forget the fairs—Elk Point's is coming up August 10 and 11, as is Lac Bellevue's, and we expect to hear any day what the dates are for Clandonald and Dewberry's annual events.

Also right close to home—within walking distance, even—are the Elk Point Historical Mural—have you taken a good look at this prime tourist attraction? Your picture might even be on it!—and the hiking trails at the Rec Land, which are a fine and shady place to spend a hot afternoon and get in some exercise. Or call up Steve Andriashak and make an appointment to see the Fort George Museum—thousands of tourists have found it fascinating. If it's just too hot to be outside at all, drop into the air conditioned comfort of the Elk Point Public Library and find some refreshing reading material to enjoy in your lawn chair.

For even more ideas on how to spend your summer, drop in at the Chamber of Commerce Tourist Information Centre and have a chat with Billie or Marnie. They can give you further details on campsites, attractions and events as the summer progresses.

Car Show At Minter Gardens

Gleaming vintage automobiles were lined up among the beautiful plantings of flowers, trees, and shrubbery for a well attended show at Minter Gardens, Sardis, B. C.

Alberta Trails

A garden of the west

By Irene Magnusson

If one looks at a large map of British Columbia, it would appear that there are a number of towns or cities, scattered all along the southwestern coast and border. In fact, when you are travelling about in that area, it is one long, drawn out city—Vancouver. From Horseshoe Bay in the west to Hope in the east, the great Fraser River is lined with the habitats of man.

Oh, sure, there are little farms and orchards and meadows, the odd patch of wilderness (under control) but the fact is it is one long, continuous city. So, while visiting VANCOUVER, I did get to several of these outlying communities, which have names other than Vancouver. One of these is Sardis, where my brother Frank and his family reside.

No one in a city refers to distance in miles, or even kilometers—no, they only know minutes. How many minutes it will take to get to so-and-so, they will say, and even a prairie chicken like myself knows there is a vast difference in the 'minutes' required to cover a distance if it's early Sunday morn, or rush hour on a weekday, when traffic stretches out, two rows, bumper to bumper, as far as the eye can see in either direction, ahead or behind, on each side of the highway. This is not fast moving traffic, I assure you.

I revert to my road map, which tells me that one inch equals approximately 40 miles, so the distance from West Vancouver out to Hope must be about 85 miles, from Port Moody, where my son lives, to Sardis, could be 45 miles.

We started in the afternoon, about 3 p.m., which strangely turns out to be rush hour, so there were many holdups and delays, the longest being to get onto the curving Port Mann Bridge, on Highway 1, a most congested spot at that hour. So the 'minutes' required to get to the Sardis turn-off were extended.

We did arrive, and to me, no time lost, for I was able to enjoy all the beauty of the verdant Fraser Valley, as it unrolled. And it is beautiful.

Thank goodness (or governments) for maps! Without them I would be completely lost. My instinct told me we drove straight west, to reach the Sardis turn-off, but the map said east—and sure enough, it was.

My first day there, we went to yard sales, and sight-seeing around the

town, later to our cousin Norma's house in Chilliwack, to enjoy her garden, supper, and company, to recount old times and exchange news.

On Sunday, my second day in Sardis, Minter Gardens was suggested. I was enthusiastic, when I learned it wasn't far, so we set off around noon, for this vast horticultural development, which has only 'Chilliwack' as an address, and it is so new it missed the Canadian Encyclopedia. I can't pinpoint it on any map I have, but my folks knew where it was, and in a half hour or so we were trying to enter its parking grounds. After a wait, we got in, to find a huge crowd, larger than usual, we were told, as there was a vintage car display going on.

These 'old' cars, polished, bedecked and nostalgic, were scattered about the vast gardens, parked in any open spot they could find, guarded by owners and security, gleaming in the sun, and surrounded by countless admirers. As far as we went in the 27 acre, multi-gardened area, we still saw more aged cars, the creations of man's ingenuity over the past three quarters of a century. From one vehicle so old, it had solid wheels and no windshield, to the gaily painted, flower patterned roadster many of us saw at Expo 86, belonging to John Lennon of the Beatles.

Minter Garden was conceived in the imagination of someone named Brian, when he saw an old farm site, along the tumbled rocks at the foot of Mount Cheam, which rises 7000 feet into the BC blue, back in 1977. Imagination and a very great deal of work took over, and the many faceted glory of Minter Gardens resulted. Stones were moved, to groom the outline of the area, soil brought in, plants set in uncounted numbers, to make the whole a glorious conglomerate of trees, shrubs, flowers, with paths, benches, water gurgling and bouncing over rocks, aviaries, fish ponds, petting animals, and much, much more.

A large, airy lunchroom, the Trilium, served us food, before we started along the winding pathways, to view the wonders of nature and man's imagination, and as we passed, all the old cars.

Overhead, to keep things from being too quiet, a busy helicopter carried joy-riders aloft, to view the wonders below and for thrills, setting down and taking off repeatedly all afternoon.

I don't think we found the 'fragrance' garden, but we did view the Floral Flag, Rose Garden, Fern Garden, Arbor, Hillside and Stream Gardens, the footbridges, and many more. A Chinese pagoda, two aviaries with exotic birds, huge trees, perhaps redwood, and giant stumps were part of the All, while newly planted beds of bright flowers were everywhere, and wherever they weren't, were more cars.

I saw one man standing by a vintage car, with a red ribbon pinned to his chest, and I asked if his vehicle had won a first prize, but he said no, he was a security guard, the ribbon to identify him.

If you ever get to Chilliwack, or vicinity, try to find out the address of this special place, and go to see it, if you love flowers, trees and beauty of nature, all in neat, natural surroundings, with a gift shop full of souvenirs at the end, and good food available, if hunger overtakes you. The entry fee was quite small, that day, as it included the car show, around \$6 or \$7, I think, but not sure, as Frank got the tickets for us.

I regretted being so old, as the wanderings were quite tiring, for me, but would not have fazed a younger pair of feet. There were benches, scattered about, so a rest is possible. As on most of my days in BC, the sun shone, the birds sang, and it felt like June.

A super meal awaited us at Frank's daughter's home, to which we repaired when we had our fill of the contoured gardens. The other few thousand persons there probably enjoyed the day as much as we did. I hope to return sometime—I'm sure it will be worth it, in any season.

Minter Gardens celebrated its tenth anniversary this July 1, a decade of bringing beauty to countless visitors.

Make your move.

Bud Long celebrates 80 years

Close to 200 family members, friends and neighbors packed Spring Park Hall Saturday night to wish all the best for longtime area resident Bud Long on his 80th birthday.

Among those present were Mr. Long's sister Elta Scott, who resides at Heritage Lodge, Elk Point, and his daughter Anna Robertson of Calgary.

The large crowd enjoyed dancing to old-time music, with the Norman Ward Band from Glendon occasionally accompanied by accomplished spoon player Roy Scott, as they

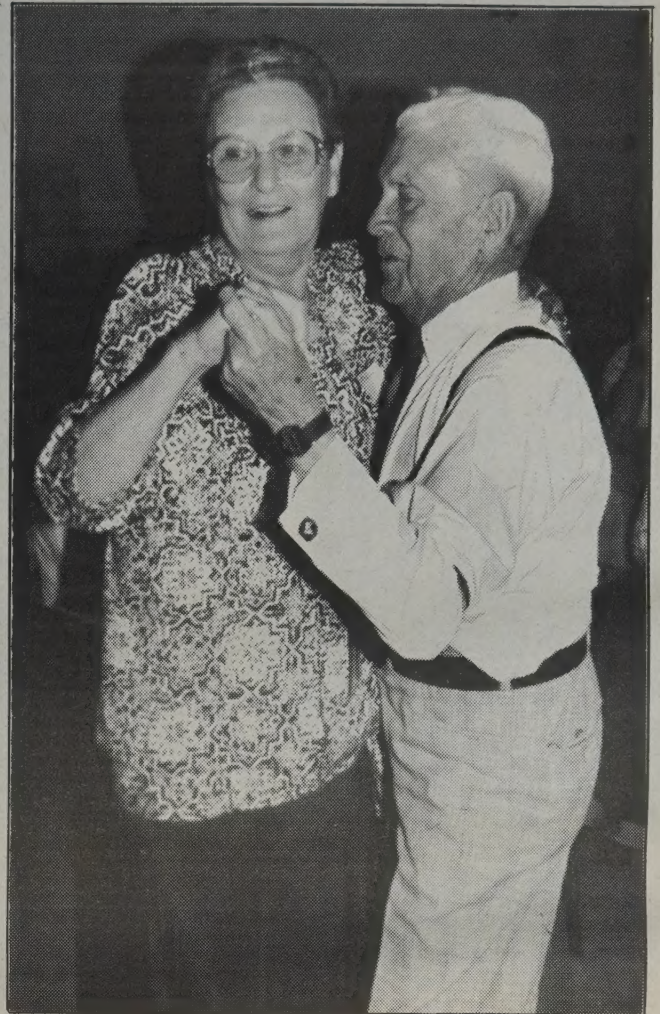

poured forth the very danceable music of yesteryear. The birthday celebrant was serenaded with "The Wash Cannonball," one of his favorite songs from years ago, by Gene Magnusson of Edmonton and Shirley Roberts of Grande Prairie.

Mr. Long is the descendant of a pioneer family who came to southern Alberta from Ontario in 1908, two years before his birth. He first came to the Elk Point and Lindbergh areas in the early 1920s and was one of the workers who constructed the railway

from Elk Point to Heinsburg in 1927-28. He has lived in various parts of Alberta, over the years, but decided to make Elk Point his retirement home. Widowed in 1983, he has two grandchildren and three great-grandsons in addition to his daughter.

The family members continued the celebration on Sunday, with a meal at the hall, at which he was presented with an engraved plaque honoring his eightieth year.

Congratulations, Mr. Long, and best wishes for many years to come.

Eighty And Still Dancing

Bud Long celebrated his eightieth birthday with a gathering geared to his enjoyment of oldtime dancing. Here, he partners Lorraine Pearl, one of the out-of-town visitors who travelled to Spring Park for the occasion.

Shelter Nearing Completion

The large octagonal picnic shelter being constructed on the Town of Elk Point Rec Land is nearing completion, with shingles being installed late last week. The structure will soon be ready for picnicking families to enjoy.

New date set for horse club events

Elk Point and District Light Horse Club has announced the new dates for their Light and Heavy Horse Show and Combined Driving event. This will now take place on Sunday, August 26, at the Club's grounds northwest of Elk Point. Watch for further details.

The Primrose Dog Lady

Emily MacDonald and her Siberian Husky, Nekosamia, who is just two points away from championship status, competed at a show in Bonnyville recently.

Prize huskies at Primrose

By Mildred Dunham

Emily MacDonald of the Primrose area is becoming known as the Primrose Dog Lady. One reason for this is her sled dog team, which she has proudly taken in the Elk Point Canada Day Parade the past two years, as well as to sled dog meets in the winter time. Another reason is her 'top dog,' Nekosamia, which has won competition after competition at dog shows.

The dog's registered name is *Inekonartok*, which means 'something pretty' in Eskimo language. Her call

name is *Samia*, which means 'pretty' in Arabic, and is also the name a friend of Mrs. MacDonald. Mrs. MacDonald usually calls her Nekosamia, which is part of both names.

Nekosamia has won many ribbons at dog shows, and each time she places first, she earns points. She lacks only two points to become a championship show dog. Most of these points were earned at shows in Bonnyville.

A championship is clearly in the wind for this fine dog from Gentle Breeze Kennels, and her proud owner Emily MacDonald.

Seven grads honored at Clandonald Prom

By Shirley Osinchuk

Friday, June 1 saw the seven Grade 9 students from Clandonald School celebrating their passing on to High School. Mrs. Doreen Parke, Principal, introduced each student: Mark Cusack, Brent Martin, Shawn Minish, Carolyn Thomas, Tracy Convey, Jodi Lawrence and Robert Garnier. There were an impressive list of talents and achievements: track and field records, many years of 4-H membership, high academic honors and county honors, public speaking distinction, artistic ability, and varied other interests.

When Tracy Convey and Brent Martin took over the mike to give a yearly Class History, from Kindergarten in 1980 to Grade 9, the humorous events came out—from the students' point of view. This is the time when parents and teachers find out who really did what in Grade 5.

They finished by expressing their appreciation to their parents and teachers for supporting them through the years.

It has become tradition for the Rov-

ing Reporter to ask questions around the hallowed halls of Clandonald School. All the answers are from popular music. It was as humorous as always.

Mr. Terry Stachniak, teacher, gave his own awards to all the students, such as an Edmonton Oilers Stanley Cup poster to Jodi Lawrence, who is a staunch Calgary Flames fan, and mouse traps to Tracy Convey in case she finds another dead mouse in a lunch bag.

Shawn Minish made a presentation to Mr. Stachniak of a handy pocket dictionary, in reference to his use of writing out dictionary words as punishment. Mr. Bill Houston and Mrs. Carolyn DeFord presented booklets to each student, which contain the Class History.

Mrs. Parke wished the students well in Grade 10 and encouraged them to work hard and be involved in their new schools. The students made presentations to the four teachers.

Mark Cusack presented a plaque to all the teachers they had had in the past ten years, from the Clandonald Grade 9 Class of 1990.

Photo By Shirley Osinchuk

Report from the Legislature

Making impaired drivers pay

By John Drobot

MLA St. Paul Constituency

If you drink and drive in Alberta, be prepared to pay.

Alberta Alcohol and Drug Abuse Commission (AADAC) has announced that suspended impaired drivers attending AADAC's Planning Ahead and IMPACT programs will have to pay registration fees of \$ 30.00 and \$ 350.00 respectively. It is mandatory for first offenders to complete the one day education course, Planning Ahead, and for repeat offenders to complete the weekend residential treatment course, IMPACT, before licenses can be re-instated.

The fees for the courses were established to help off-set the high cost of delivering these programs and to place more responsibility on the offender to shoulder a greater proportion of the costs resulting from impaired driving charges. If people refuse to pay the fee to attend these programs their license will not be re-instated.

Impaired drivers currently under suspension will be informed of the fee when they register for Planning Ahead or IMPACT. Anyone suspended after May 1st will be advised of the fee at the time of their notice of suspension from the Motor Vehicles Division.

If after attending either Planning Ahead or IMPACT, a client needs more intensive treatment, he/she will be referred to AADAC at no charge.

During the 1988-89 fiscal year, close to 13,000 Albertans attended these AADAC programs, at an approximate cost to the taxpayer of \$ 1.3 million.

These new course fees are in addition to the \$140.00 license reinstatement fee charged to all drivers suspended for an alcohol related offense.

The costs of the impaired driving courses are just a fraction of the total costs of impaired driving on the Alberta taxpayer. Looking at medical and law enforcement costs alone, it has been estimated that the cost per crash victim of an impaired driving accident which involves serious injury is close to \$ 28,000. When you add in lost productivity and legal expenses, the total cost to society has been established to be over \$ 460,000.

The problem of impaired driving is of serious concern to the Alberta

Government and under the direction of the Solicitor General, an overall strategic plan has been developed and implemented which focuses on enforcement, education and prevention.

The Alberta Checkstop program now operates twelve months of the year and the government is providing police forces with the latest technology in breath testing equipment to increase their effectiveness in detecting and apprehending persons who drive while impaired.

During the period 1984-1988, approximately 440,000 vehicles were checked annually at Police Checkstop locations. The effectiveness of this program is part of the reason Alberta had the highest rate of impaired driving charges in 1988 as compared to other provinces.

Education programs in the schools as well as public advertising and programs such as the Designated Driver program are all helping to create more awareness of the problem of impaired driving in our province.

If you would like more information on current initiatives to combat impaired driving please feel free to contact my office.

If you have any questions or concerns about provincial government matters please feel free to call or write me. In St. Paul call Monday 9:00 - 4:00, 645-2743; in Elk Point call Wednesday, 9:00 - 4:00, 724-3926; or write to 503 Legislature Building, Edmonton, Alberta, T5K 2B6.

Plan well in advance...know your route, check your spare and all your fluid levels, and ensure your car won't run out of gas between stations.

Clandonald Grads And Their Teachers

Seven Grade 9 students were honored at the Clandonald School Prom. Here, they pose for a final photo with their teachers. Back row, left to right: Bill Houston, Carolyn DeFord, Brent Martin, Mark Cusack, Shawn Minish, Robert Garnier, Doreen Parke, Terry Stachniak; front, left to right: Jodi Lawrence, Tracy Convey, Carolyn Thomas.

NEW INVENTIONS SOLVE SERIOUS WATER PROBLEM FOR GLENDON FAMILY!

"We are removing over 6 mg/l of iron from our water and we don't even have an iron filter," says Ed Lammi of Glendon, Alberta, seen here with his wife Lenore.

"Big Iron Drilling installed a water softener with their new invention called the 'Ironeater' and it's removing 40 grains per gallon of hardness and all our iron too." "It's really remarkable."

"I finally have white clothes without having to wash them by hand; they come out softer and fluffier with only half the amount of soap needed. The bathtub and toilet are now free of stains. Cleaning has since become a breeze with no scouring necessary."

"We also installed a Springtime water distiller from Big Iron Drilling," says Lenore. "Now we've got the best drinking water in the country." "My family and friends tell me how good my coffee is since we've had the Springtime Distiller installed."

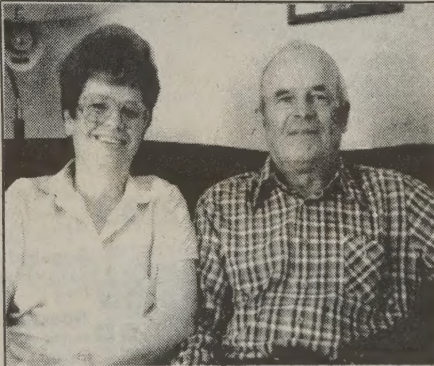

"Since owning the distiller we have noticed the difference in cooking, canning and cleaning. Pickles are crunchy with no more cloudy jars, and all our food looks and tastes better. Potatoes would turn dark when cooked and rice would turn grey," says Lenore.

"The unit is fully automatic, self-cleaning and has no noisy fan," says Edward. It is virtually maintenance free and also it doesn't have a carbon filter on it. Carbon filters breed bacteria and all the fan operated distillers need carbon filters, but the Springtime Distiller doesn't.

"We never run out of water or even become short," claims Edward. When their three kids Darren, Lisa and Travis come home there is always plenty of pure water.

"Now that we have our Marvel Softener and Springtime Distiller I would not want to live without them" says Lenore. "Our water problems are a thing of the past, thanks to Big Iron Drilling."

Many well waters have high iron hardness, and over 200 mg / l sodium. If you are concerned about this or any other water problem call **BIG IRON DRILLING** and we will test your water for free.

Ed & Lenore Lammi of Glendon

HEALTH AND WELFARE CANADA says: "The appropriate health authorities should be notified when the sodium concentration exceeds 20 mg/l."

(Guidelines for Canadian Drinking Water Quality, 1978, pg. 46.)

Marvel water treating equipment and Springtime Distillers are designed to handle the difficult problems typically found in well water.

For further information on a Marvel softener or Springtime Automatic Water Distiller write:

Service

7:30 p.m. - Friday Evening Youth

Meeting

What's news at the library?

During the second week of the Summer Reading Program, the elementary children made very imaginative and beautiful play aquariums. They also enjoyed a lively game of 'Duck, Duck, Goose.' The pre-school children made fridge magnet spiders and played a game of stick the spider on the web. The puppet show "Tiny Turtle and Harry The Hare" as well as several stories were presented.

The Thursday afternoon Children's Matinee was "Treasure Island." This week's movie is "Heidi" starring Shirley Temple. Come and join us at 3:00 p.m. at the library for this classic movie. PLEASE NOTE THE NEW TIME OF MOVIE.

NEW BOOKS:

Mystery--A novel by Peter Straub, author of Ghost Story and Koko. On the tiny Caribbean island of Mill

Walk, a ten year old boy named Tom Pasmore is tragically killed in a traffic accident...well, almost killed. Miraculously he survives, but as he grows up the accident leads this brilliant boy to an obsession with death.

Taking Charge Of Your Medical Fate by Lawrence C. Horowitz, M.D. -Learn how to demand the best care available by choosing the right doctors, understanding tests, drugs and procedures, and asking the right questions of medical professionals.

The Mother's Almanac II by Marguerite Kelly--Your child from six to twelve. The most complete book ever written on the joys, challenges, and changes of the school years.

Safe From The Start by Joanna Cole, Stephanie Calmenson--A practical and easy-to-use guide for quick reference and leisurely reading. This book will tell you how to keep babies,

toddlers and children safe in commonplace situations and how to teach them routines without scaring them.

The Library has a new collection of Walt Disney book and cassette sets for children: Alf Goes Wild, Oliver and Company, Dinosaur Ducks, Who Framed Roger Rabbit, Disney's Duck Tales, Scrooge's Treasure Hunt and Mickey's Tattered Tale.

When they're good, they're Good!

The Good Brothers, a nationally famous country and bluegrass group, gave an excellent performance at the Lea Park Jamboree last weekend near Marwayne. The Goods were

only one of several acts to perform at the event, which ran all weekend long. Spectators, many of whom brought their RVs, enjoyed sunny skies and winning temperatures.

Barons of Bluegrass

Good Brothers headline Lea Park Jamboree

By Rob Desjardins
Staff Writer

Talk to The Good Brothers, and you'll understand why so many successful musical acts have evolved from a family unit.

The brothers, whose Western Canadian tour included Saturday's performance at the Lea Park Jamboree near Marwayne, are mutually complementary. Bruce sports a mischievous smile, plays the autoharp, and writes novelty and comedy songs. Brian is cheerful and fluent; the band's rhythm guitarist, he has written love songs and ballads that thousands of Canadians have enjoyed. And Larry, the youngest brother, is an instrumental specialist. Given a banjo and a bluegrass lick, he might be compared to Gretzky on a breakaway. Everything works.

Together, The Good Brothers are unbeatable. Listen just once to their perfect three-part harmony and you can tell: these guys are more than just partners. They're family.

"We're from the maritimes originally; and, my mother being Acadian, she gave us a very solid musical background," Brian told me after Saturday's show.

"Like so many Maritimers suffering from the depressed economy, we moved west to Toronto when we were young - to Richmond Hill, actually, just outside of it.

"Every weekend would be a jamboree at our house. Dad would play

the fiddle; Mom was on the autoharp; and anyone else who could play an instrument was welcome to join in.

"Our careers have just been an evolution from those days - from our weekend jamborees in Richmond Hill."

The brothers have been performing professionally since 1969, when they joined with Winnipeg musician James Ackroyd to form James and the Good Brothers, a folk collaboration.

"Our style at that time was a lot like Crosby, Stills, and Nash - very harmonic."

The group travelled to San Francisco in 1973 to record an album. Soon after it was completed, however, Ackroyd decided to stay in the United States, and the group was forced to disband.

Once in Canada, the Goods elected to go it on their own, beginning a career that has produced nine albums, a host of hit songs, and amazing national and international success.

As professionals, the group has benefitted most from the guidance and assistance of Gordon Lightfoot, who, like many of his colleagues, has been a great advocate of Canadian talent.

"He gave us moral support at times when we were frustrated, and didn't know if we were going to pursue music," Brian said.

"And he has been a mentor for me in terms of songwriting. We both

write ballads and love songs."

"It is fortunate for country and western fans that the Goods never did halt their efforts. They've given us their own, unmatched style of toe-tapping pleasure - songs like "Alberta Bound," "Why Baby Why" and "Fox on the Run," as well as a tremendously popular version of Van Morrison's "Brown Eyed Girl."

They've brought their music both to the country and to the city, visiting centres such as Marwayne and St. Paul en route to their Edmonton, Winnipeg, and Toronto performances.

"We've played at big, small, and everything in-between," Brian quipped.

And their career has taken them to such distant and unlikely destinations as... Czechoslovakia?

"It was almost seven years ago, before all the restrictions were lifted," Bruce said.

"Amazingly, it went fantastically. All the shows were sold out. I'd like to think it was the popularity of The Good Brothers that brought them out, but I think it was really the popularity of North American music."

Since 1945, only three other acts, including Johnny Cash and Elton John, had played in the country.

"Music certainly is the international language."

Still, with the pleasure of travel comes its drawbacks, and like all travelling musicians, the Goods have

had to come terms with the rigors of living on the road. Having strong and supportive families, they said, has helped.

"I've had a lot of support from my wife during the 23 years we've been married," Bruce said.

"Now, that my son Travis (a lead guitar player) is touring with us, it's that much more pleasant."

Larry agrees. "I've had my wife's support, too. It has really helped."

And Brian notes that travelling musicians tend to develop a curious pleasure in anticipation.

"When I'm at home, I'm always looking forward to concerts; and when I'm on the road, I'm always looking forward to getting back home. It's a nice balance, I guess."

It seems The Good Brothers' future might even outshine the remarkable

Wagon trek starts July 29

Happy Trails Wagon Trek will run its 4th Annual Roundup commencing July 29, 1990. Fifteen wagons have indicated they will be in the train; why don't you plan to ride along?

Full information may be obtained from Trail Boss Stewart Binz, phone number 724-2553, or call either Fae Irvine at 724-4027, or Jenny Scott at 724-2387 after 5:00 p.m.

Watch for complete program outline next week and plan to join this great summer outing.

New 4-H scholarship announced

Alberta's 87 Ford and Mercury dealers have joined together to establish a new Alberta 4-H scholarship.

The dealers' advertising association organized the Alberta Ford and Mercury Dealer Scholarship. It will be awarded for the first time this year to seven past or present 4-H members from each of the 4-H regions in the province.

Each recipient will receive \$1,000 to assist them with their post-secondary costs. These awards will be given to students entering or attending a certificate or diploma program, with preference given to programs such as mechanics, accounting, secretarial arts and sales. Academic standing, financial need, community and 4-H involvement will be considered in determining the recipients.

"Eligible scholarship applicants who have their applications into the 4-H Branch by the July 15 deadline will be considered for the Alberta Ford and Mercury Dealership Scholarship," says Val Runyon, 4-H scholarship coordinator.

For more information on the Alberta Ford and Mercury Dealer Scholarship, or any other 4-H scholarship, contact the 4-H branch in Edmonton at 427-2541.

Starscope

By Eileen Norby

Little Cancerian babies tend to have an unusually strong identification with home and family. They form this attachment at an early age. They need structure in their lives. Cancer is the very epitome of watery delight. There is a Water Sign, the first of three, where emotions are born. They also require motion; the symbol of the crab. It moves sideways to get where its going. Never expect the direct approach. This is a Sign that prefers to flow around an obstacle than have a direct frontal attack. Cancer is ruled by the Moon, that silvery ruler of the skies that holds our dreaming time in gentle reins. The Moon, whose mysteries are only slightly tarnished by the feet of those who have walked upon its surface. And perhaps it was not that Moon at all. The flight of moonbeams are nothing in comparison to flights of fancy that a Cancerian can indulge in, given a little room to exercise their full-blown imagination at an early age. The greatest gift of the nature of these Moon-children, as they are sometimes called, is their empathy, a gift which can often cause them problems, as their emotional nature is stimulated perhaps more than it needs to be. You will always find your maternal instinct strong around Cancer children. It always brings out the best in this Sign. Mind you, those little Cancerians can be very rebellious, but your objective is to give them nothing to rebel against. But, all in all, they are the best behaved youngsters any parent could hope to have. Cancer children suffer with dry skin, chronic colds, are frail in babyhood, but will live to a ripe old age.

Taurus

Lunar phase activates your sense of prophecy and you could see into your own future. Respond to instincts. Honesty is always the best policy. Wear your cosmic color, green. Add to your wardrobe some new winter clothes. Never wait for the phone to ring, make it happen now! Seek a second opinion.

Gemini

Popularity is yours tonight! You are into a job switch which leaves you uprooted again. Hang in there, money makes the world go round. Why don't you try a new hairstyle? A new wardrobe, maybe? All this will give you a more vigorous personality. Yellow is your cosmic color, wear it!

Cancer

You know what you want and go after it. You feel vigorous and ambitious, flexible. You aren't a stick-in-the-mud this week! The Cancerian is conservative, the backbone of the Zodiac! From July 16th to the 30th you will have a feeling of insecurity, but be confident, Moon-child, it will pass.

Leo

Sun-ruled, you welcome all this lovely summer heat; it makes you roar, Leo! You have a strong Uranus-Jupiter movement around July 29th. Your personality will be fiery, emotions high under this influence. Let's face it, the Sun makes you shake yourself out of a rut. You'll never be an athletic star.

Virgo

You will have to make concessions, but you should never compromise principles, Virgo. Host a backyard barbecue. Go easy on salt and those harsh spices! Enjoy the

holiday and have fun in the Sun. Try to be still and wear blue, your cosmic color. Depend on yourself and less on others.

Libra

Everything is in balance this week, no worry there. A smile works wonders. Go easy on excessive food. Enjoy the slow pace, but there are some clouds on the horizon of your love affair. Drive carefully. Watch any stranger who may want to hitch a ride. A souvenir gives you a strange feeling.

Scorpio

Don't overindulge in heavy, fatty foods. Go easy on all those summer calories. You look better slim, sensuous and healthy. Be careful, Scorpio, if you play with fire you get burnt. Why not put it aside and find

another. You must control that rebellious streak. Love is a two-way street! Stand tall.

Sagittarius

Return kindness with a little tea-and-sandwich tete-a-tete. Purple is still your cosmic color. There's no place like home in all this heat and glare. Don't sacrifice leisure for the sake of work or other obligations. All work and no play makes Jack a dull boy. You need people and people need you.

Capricorn

Keep your feet on the ground! You are the stalwart member of the Zodiac. Do not be swayed by emotions. You have a few weak spots to improve on. Don't be so serious, Cappy. Don't get provoked into an argument. Slow days help recharge

batteries. Pay off debts. Avoid fatty foods.

Aquarius

Nothing wishy-washy about you, dear Aquarius. You have amazing backbone. Air Sign, flexible, breezy, yet not to be trifled with lest you get your temper up and others had best watch out when that happens. You have a lot of work with too little time for leisure. Don't let it weaken family ties.

Pisces

Your symbol is that of the joined fishes which indicates a form of unity between two beings. You are the only Sign ruled by the planet Neptune. It gives you a sense of uniqueness and makes you stand out. Pisceans are usually very modest; a little praise can inflate your ego.

Aries

A stroke of good luck improves your self-image. Keep out of the harsh sunlight. Planetary shift predicts: love, love, love. Big things come in small packages, remember that. Enjoy your time off. Eat lightly with this heat. A friend from the past will bring a joyous reunion. Wear your birthstone diamond.

WCB pension increase

Edmonton - The Minister Responsible for Workers' Compensation is pleased to announce that WCB pensions, supplements and child care allowances were increased by 10%, subject to maximum compensation limits under the Act, effective January 1, 1990. These increases are part of a series of legislative amendments recommended by the Board of Directors.

The minimum permanent total disability benefit payable was also increased by 23% from \$ 730.00 to \$ 900.00 per month.

Marwayne Legion horse rally

The Marwayne Legion's 4th Annual Horse Rally is coming up on Saturday, July 21, with the ride beginning and ending at Lea Park Rodeo Grounds, 10 miles north of Marwayne. Entry fee of \$ 20 for riders and \$ 10 for ghostriders includes a steak supper. Camping facilities are available. For more information, call Frank Graham at 847-3841.

In future, pension adjustments which previously required legislative approval, will be reviewed and implemented on a more timely basis since they will be made through Order in Council on the recommendation of the Board of Directors.

Affected workers can expect the increase to be reflected on their August pension cheques. Retroactive payments will be paid in a single payment in September. Individual claim questions should be directed to the claims information clerks at 427-1131 or the respective claims adjudicators.
